DATE: April 7, 2021

SUBJECT: **Item 7.2 – Authorize Emergency Paid Sick Leave in Accordance with SB95 and Approve 2021 COVID-19 Paid Supplemental Sick Leave Policy**

Background

In April 2020, the MOFD board approved a grant of additional sick leave of 144 hours to all employees to minimize the impact of the COVID-19 pandemic. As a government employer, MOFD was not eligible for federal reimbursement for the cost of this action under the Families First Coronavirus Response Act.

In response to the ongoing COVID-19 pandemic, Governor Newsom signed SB95 on March 19, 2021. The law requires employers to provide an additional 80 hours of COVID-19 supplemental paid sick leave to full-time employees and a prorated amount of COVID-19 supplemental paid sick leave to part-time employees based on their work schedule and work history. For firefighters, the law specifically requires employers to provide an additional two weeks of COVID-19 supplemental paid sick leave, based on total hours scheduled in the two weeks preceding when the employee takes leave. There is no reimbursement provided by SB95 to employers. The law requires the following:

1. Leave must be used for COVID related reasons as defined by the law.

(A) The covered employee is subject to a quarantine or isolation period related to COVID-19 as defined by an order or guidelines of the State Department of Public Health, the federal Centers for Disease Control and Prevention, or a local health officer who has jurisdiction over the workplace. If the covered employee is subject to more than one of the foregoing, the covered employee shall be permitted to use COVID-19 supplemental paid sick leave for the minimum quarantine or isolation period under the order or guidelines that provides for the longest such minimum period.

(B) The covered employee has been advised by a health care provider to self-quarantine due to concerns related to COVID-19.

(C) The covered employee is attending an appointment to receive a vaccine for protection against contracting COVID-19.

(D) The covered employee is experiencing symptoms related to a COVID-19 vaccine that prevent the employee from being able to work or telework.

(E) The covered employee is experiencing symptoms of COVID-19 and seeking a medical diagnosis.

(F) The covered employee is caring for a family member, as defined in subdivision (c) of Labor Code section 245.5, who is subject to an order or guidelines described in subparagraph (A) or who has been advised to self-quarantine, as described in subparagraph (B).

(G) The covered employee is caring for a child, as defined in subdivision (c) of Labor Code section 245.5, whose school or place of care is closed or otherwise unavailable for reasons related to COVID-19 on the premises.

2. The use of this leave is retroactive to 1 January, 2021.
3. Employers must account for and track this supplemental COVID sick leave separately.
4. Employers must notify employees regarding COVID-19 supplemental paid leave benefits by making the model notice, prepared by the Labor Commissioner and available [here: https://www.dir.ca.gov/dlse/2021-COVID-19-Supplemental-Paid-Sick-Leave.pdf](https://www.dir.ca.gov/dlse/2021-COVID-19-Supplemental-Paid-Sick-Leave.pdf), publicly available (Attachment A.)
5. The requirement to provide COVID-19 supplemental paid sick leave shall remain in effect through September 30, 2021, except that a covered employee taking COVID-19 supplemental paid sick leave at the time of the expiration of this section shall be permitted to take the full amount of COVID-19 supplemental paid sick leave to which the covered employee otherwise would have been entitled.

A draft policy has been written to administer this paid sick leave (Attachment B.)

Staff Recommendation

Staff recommends granting additional paid sick leave as follows:

- 1) Determine an expiration date for SB95 required COVID-19 supplemental sick leave.
- 2) Authorize all existing and new benefitted 56 hour work week employees to receive 112 hours of COVID-19 Supplemental Paid Sick Leave. This leave can be used for any reason consistent with the COVID-19 related reasons included in SB95.
- 3) Authorize all existing and new benefitted 40 hour work week employees to receive 80 hours of COVID-19 Supplemental Paid Sick Leave. This leave can be used for any reason consistent with the COVID-19 related reasons included in SB95.
- 4) Authorize all existing and new part-time employees to receive COVID-19 Supplemental Paid Sick Leave hours in accordance with SB95. This leave can be used for any reason consistent with the COVID-19 related reasons included in SB95.
- 5) Upon request, authorize retroactive use of COVID-19 Supplemental Paid Sick Leave by employees during the period January 1, 2021 through April 7, 2021 and a restoration of non-SB95 COVID-19 supplemental sick leave to the employee's sick leave accrual bank.

6) Approve 2021 COVID-19 Paid Supplemental Sick Leave Policy.

Moraga-Orinda Fire District

2021 COVID-19 Paid Supplemental Sick Leave Policy

The State of California recently enacted a new law requiring certain public sector employers, including the Moraga-Orinda Fire District (“MOFD” or “District”), to provide covered employees with paid leave for qualifying reasons related to COVID-19. The District enacts this policy in accordance with the new law.

An employee is entitled to use this policy if, upon an oral or written request to their supervisor or within the chain of command, they advise that they are unable to work or telework for the following reasons:

- are subject to a quarantine or isolation period related to COVID-19 (and may use such leave for the minimum quarantine period or the longest minimum isolation period under federal, state, or local guidelines);
- have been advised to self-quarantine by a health care provider;
- are attending a vaccine appointment;
- are symptomatic for COVID-19 and are seeking a medical diagnosis;
- are experiencing symptoms after receiving a vaccine for COVID-19;
- are caring for a qualified family member who is subject to a quarantine or isolation order related to COVID-19; or
- are caring for a child whose school or place of care is closed or otherwise unavailable because of COVID-19.

This policy does not apply to employees subject to a general stay-at-home order absent one of the qualifying reasons stated above. If the District believes that an employee is not using the leave for a qualifying reason, it may, in its discretion, require the employee to provide medical certification to support a leave request.

The policy applies to leave requests made on or after March 29, 2021. The District reserves the right to terminate this policy, provided it does not do so before September 30, 2021.

If, between January 1, 2021 and March 28, 2021, an employee took a qualifying leave as defined above, and used then-existing paid leave benefits, was not paid for such leave, or was not paid at least the amount required under the new law, then an employee may request leave under this policy retroactively.

Employees must submit a retroactive payment request form to Human Resources no later than April 30, 2021. An employee’s wage statement will reflect a deduction from their COVID-19 leave bank for payment of retroactive benefits and, if applicable, a credit towards the other form of paid leave used.

Employees in the job classifications of Firefighter, Firefighter Paramedic, Engineer, Engineer Paramedic I or II, Fire Captain, Fire Captain Paramedic I or II or Battalion Chief scheduled to work more than 80 hours in the two weeks prior to taking a qualifying leave are entitled to qualifying leave in the amount equal to those same number of hours. For example, if a firefighter contracts COVID-19 and had worked 112 hours in the two weeks prior to their diagnosis, then the firefighter is entitled to 112 hours of qualifying leave.

Full-time employees in all other job classifications are entitled to 80 hours of qualifying leave.

Part-time employees in all other job classifications are entitled to qualifying leave under the conditions described below.

- If the employee has a normal weekly schedule, then they are entitled to qualifying leave in an amount equal to those same number of hours.
- If the employee works a variable schedule, then they are entitled to qualifying leave in an amount 14 times the average number of hours worked each day in the six months preceding the date that the employee took qualifying leave. If the employee has worked less than six months, but more than 14 days, then the District will make this same calculation over the entire period that the employee has worked for the District. If the employee has worked for the District 14 days or less, then they are entitled to qualifying leave in an amount equal to the number of hours worked for the District in total.

Part-time employees are entitled to take qualifying leave even if they are not entitled to other employee benefits provided by the District.

Leave provided under this policy will be reflected as CA SUP AVAIL on employee wage statements.

Moraga-Orinda Fire District

TO: Board of Directors
FROM: David Winnacker, Fire Chief
DATE: April 7, 2021
SUBJECT: **Item 7.3 – Authorize Chipping Services To Be Provided by an Outside Contractor Instead of District Employees for the Remainder of FY2021 in an Amount Not-To-Exceed \$30,000.**

Background

In 2020 MOFD began offering community chipping with a rented chipper and three staff members in the newly created position of Fuels Mitigation Specialist. From January to March 2021 the incumbent employees resigned to take firefighting positions with local agencies (2 employees) or to enroll in full time paramedic school (1 employee). To date MOFD's hiring efforts have resulted in a single replacement employee with one more starting the background process and the recently formed hiring list exhausted. Several candidates declined the position in order to take fire-fighting crew positions with local agencies. The creation or expansion of fire crews by several area agencies and a hiring surge by CalFire have created a more competitive environment in which MOFD is struggling to hire and retain fuels mitigation specialists.

Staff is in the process of forming a new hiring list, however this will take time and the lack of staff will likely preclude community chipping this spring as the 1 June compliance deadline draws near and Fire Prevention's focus shifts to enforcement.

From 1 January to 15 April, these vacancies have resulted in the following savings:

| | |
|--|-------------|
| Salary savings: | \$14,177.29 |
| Medical/Dental/VSP/Life ins - savings: | \$3,659.19 |
| Retirement savings: | \$5,252.59 |

Total Net Savings: **\$23,089.07**

As the two current vacancies move forward, additional savings will be realized at \$6,118 per position per month.

In order to provide chipping services to the community during the months of May and June 2021, staff recommends hiring chipping crew services from an independent contractor. The contractor would use the District's leased truck and chipper to perform chipping services. The projected cost is \$30,000 which would be funded from a combination of the Fuels Mitigation Specialist vacancies and fire chief contingency. Sufficient appropriations exist in the FY2021 General Fund budget as follows:

| | |
|---------------------------------------|----------|
| Fuels Mitigation Specialist Vacancies | \$23,089 |
|---------------------------------------|----------|

Fire Chief Contingency

\$7,000

Staff will issue a request for proposals for a two-person chipping crew, obtain bids from multiple companies and enter into a contract for chipping services.

Staff Recommendation

Staff recommends the Board authorize chipping services to be provided by an outside contractor instead of District employees for the remainder of FY2021 in an amount not-to-exceed \$30,000.
