Dear MOFD Board of Directors,

I urge you to please pass Ordinance 22-03. I am a resident of Valley Hill/Bollinger Canyon and the maps need to reflect the reality of the whole area. We have worked very hard to become a Firewise Community and we want MOFD to have all the tools to make sure our community is as fire-ready as possible. I spent many hours last year mowing and clearing brush on my property and neighbors property. It will enable MOFD to require needed mitigation measures to make sure that new developments as well as major remodels and add ones are as fire safe as possible.

Thank you for being so proactive.

Marianne McKay
